EDUCATION

Vellore Institute of Technology

Bachelor of Technology in Computer Science

Vellore, India

Graduating Sep. 2026

The Palace School, Jaipur, Rajasthan

Class XII, CBSE

Apr, 2022

The Palace School, Jaipur, Rajasthan

Class X, CBSE

Apr, 2020

EXPERIENCE

Tweaking Technologies

May, 2024 – Jul, 2024

Front End Engineer Intern

Jaipur

- Developed the company website frontpage UI using ReactJS for improved user experience and visual appeal
- Implemented responsive design elements ensuring compatibility across multiple devices and screen sizes
- Created interactive components to enhance user engagement and navigation experience
- Collaborated with UI/UX designers to implement design specifications accurately
- Tech Stack: **ReactJS, Tailwind CSS, JavaScript, HTML5, CSS3**

TECHNICAL SKILLS

Languages: Python, R, SQL, JavaScript, HTML, CSS, C, C++

Data Tools: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Tableau, Excel

Databases: NoSQL, MySQL, MongoDB

Developer Tools: Git, GitHub, Jupyter Notebook, Google Colab, Linux Shell, Star UML

Relevant Coursework: Data Structures & Algorithms, Statistical Analysis, Machine Learning, Data Visualization, Database Management, Data Analytics, Data Mining, Software Engineering

PROJECTS

MediQR at Hackathon | Python, Kivy Module

[[project link](#)]

- Achieved the top 15 spot in a hackathon at NIT Durgapur focused on app development using Python's Kivy Module
- Collaborated with another member to create innovative and user-friendly mobile applications that converts medical information into a QR code

Reducing Hallucination | Python, Jupyter Notebook, NLP

[[project link](#)]

- Conducted research on reducing hallucinations in large language models and generative AI systems
- Implemented and evaluated state-of-the-art hallucination reduction techniques against baseline models
- Designed a modular framework enabling experimentation with multiple mitigation strategies

F1 Race Predictor | Machine Learning

[[project link](#)]

- Built an F1 race prediction app using machine learning and real-time FastF1 data
- Designed an interactive Streamlit UI for inputting race details and qualifying times
- Used Gradient Boosting to predict race outcomes based on performance metrics

CO-CURRICULAR

CSI | Finance Lead

May 2024 – February 2025

Vellore Institute of Technology, Vellore

- Managed budgeting and financial planning for club activities and technical events.
- Oversaw fund allocation, expense tracking, and financial reporting for the organization.
- Collaborated with other department heads to ensure proper resource utilization.

ISTE | Project Lead

Aug 2023 – April 2024

Vellore Institute of Technology, Vellore

- Led a team of developers in designing, game development and implementing technical projects.
- Coordinated project timelines, delegated tasks, and ensured quality deliverables.
- Mentored junior team members in technical skills and project management.
